

# SETTING UP GOOGLE SCHOLAR ALERTS

## 1 GO TO GOOGLE SCHOLAR

## 2 CREATE SEARCH STRATEGY AND SELECT ANY DESIRED FILTERS

The screenshot shows the Google Scholar search interface. The search bar contains the query "pulp therapy in pediatric dentistry". Below the search bar, there are several filters on the left sidebar: "Any time" (with sub-options: Since 2021, Since 2020, Since 2017, Custom range...), "Sort by relevance" (with sub-option: Sort by date), "Any type" (with sub-option: Review articles), and checkboxes for "include patents" and "include citations". A yellow "Create alert" button is highlighted at the bottom of the sidebar. The main search results area shows three articles, each with a title, author, journal, and a brief abstract. The first article is "Pulp therapy for the primary dentition" by AB Fuks, A Kupietzky, M Guelmann, published in Pediatric dentistry, 2019. The second is "[PDF] Primary tooth pulp therapy as taught in predoctoral pediatric dental programs in the United States" by RE Primosch, TA Glomb, RG Jerrell, published in Pediatric dentistry, 1997. The third is "Vital pulp therapy with new materials for primary teeth: new directions and treatment perspectives" by AB Fuks, published in Pediatric dentistry, 2008. A blue circle with the number "3" is overlaid on the "Create alert" button.

## 3 ONCE SEARCH STRATEGY IS CREATED, CLICK ON "CREATE ALERT" ON LEFT SIDEBAR

## 4 CONFIRM SEARCH STRATEGY, EMAIL(S), AND NUMBER OF RESULTS

## 5 SELECT HOW MANY RESULTS TO GET

## 6 CLICK THE "CREATE ALERT" BUTTON AND FINISH!

The screenshot shows the Google Scholar Alerts setup page. The "Alert query" field contains the text "intitle:"pulp therapy" in pediatric dentistry". The "Email" field contains "rwedeward@aapd.org". The "Number of results" dropdown menu is set to "Show up to 10 results". There are two buttons at the bottom: "Update results" and "CREATE ALERT". A blue circle with the number "4" is overlaid on the "Alert query" field, a blue circle with the number "5" is overlaid on the "Number of results" dropdown, and a blue circle with the number "6" is overlaid on the "CREATE ALERT" button. Below the setup fields, there is a section titled "Sample results since 2021:" which shows two article snippets. The first snippet is for "Comparative Evaluation of Indirect Pulp Therapy in Young Permanent Teeth using Biodentine and Theracal: A Randomized Clinical Trial" by B Rahman, M Goswami, published in Journal of Clinical Pediatric Dentistry, 2021. The second snippet is for "Vital pulp therapy following pulpotomy in immature first permanent molars with deep caries using novel fast-setting calcium silicate cement: a retrospective clinical ...".
